

## Module Introduction and the DVD Swap Shop

### Delivery

1 x lecture

1 x 2 hr lab

### Assessment

Portfolio of work worth 70%

Submission of lab work exercises marked every two weeks as part of sprints. 10 min at the end to mop up.

Report worth 30%

You are required to write a 1000 word report that examines the global impact of the web and associated technologies.

Within your team you are required to select a topic for the report that is different for each team member.

The topic may relate to but not be limited to the Global Impact of the Web and:

War

Money

Health

Politics

Music

Cinema

Employment

In the Lab...

Look at the DVD swap shop

What technologies are used at each layer?

What kind of features does it offer?
