Lab 8 – Fuzzy Logic

The coursework is now set. Use the Matlab Demos for the Fuzzy Logic toolbox that you have seen last lab, and identify elements that you can apply to the coursework.

During the lab reflect on the coursework and Fuzzy Logic and write notes on this for your portfolio.

Concentrate on:

- The Membership Functions.
- The Rules.
- The Variables.

→ Include this reflections in your **portfolio**.

→ Record your conclusions in your **portfolio**.
